# MONTHLY AUTOSHIP

## **What is Auto-Ship?**

Auto-Ship is a program that allows you to create an order for products that will automatically get shipped to you once every month. By automating the process, you save both time and money on the products you use every month.

## **Save Money**

If your order is \$150 or more, shipping is free and you also receive a 5% discount on your total order. Handling charges still apply.

## **Save Time**

You never have to remember to buy your important nutritional products or drive here to pick them up. We remember for you and send them right to your door.

## **Do I need an account?**

Yes. Since the Auto-Ship program places an order for you automatically every month, we must have the following information on file: an active credit card number, email address, and street address. We cannot ship to a PO Box. (see form).

## **If I am going to be out of town can I modify the shipping date?**

Yes. Contact the pharmacy up to ten days before shipment, or respond to the confirmation email within 48 hours of receipt.

## **What if my shipment arrives damaged?**

Please contact the Pharmacy within three business days of receiving your shipment and we will replace the damaged products. We may require return of the damaged products, so do not discard them. We will send a call tag with your replacement shipment and the UPS driver will pick up the damaged products (they must be boxed and packed for shipment).

## **When will I receive my order, and when is my credit card charged?**

The first Monday of every month your products will be shipped and charged to your credit card.

## **Can I modify my monthly orders month-to-month?**

Yes. You may make changes to your order up to a week before it is shipped. Every month you will receive a reminder email. Modify your order by replying within 48 hours. If there is no change to your monthly order, no reply is needed.
